MEMORANDUM FOR: Legislative Counsel

The attached envelope contains three other envelopes with papers we indicated could be made available to the Hanley Subcommittee. We suggest that the papers contained in the envelopes marked "Applicant Forms" and "Polygraph" be compared with those given to Mr. Barton by Mr. O'Neill. If they are identical the Committee staff should not require this additional set.

The third envelope marked "53-page Questionnaire" is believed to contain the same document which Senator Ervin mentioned in his testimony which subsequently was sent to the Hanley Committee. We suggest that this be verified in a page by page comparison with the other document which we understand Mr. Barton holds. Again if it is identical hopefully the Committee will not require this copy.
